

Denton Calvary Academy Summer Reading Program, Grade 12

Dear Calvary Students and Parents,

At Denton Calvary Academy, summer reading is a valuable extension of our academic program, encouraging students to keep thinking, questioning, and learning even while they are away from school. In preparation for the next school year, all secondary students will read at least one book during the summer break. Our summer reading program exists to meet two key goals.

First, we wish to help students prepare for the challenges of a new academic year. Research has shown a direct correlation between reading and academic success, and as educators we have personally witnessed the value of fostering a student's reading skills. The ability to read with fluency and good comprehension is essential in all areas of study and reading during the summer months helps students to maintain this ability.

Second, we wish to encourage students to read for enjoyment. In order to meet this goal, we have included a substantial list of literary masterpieces, ranging from the Renaissance to the 20th century, that encompass a wide variety of topics, themes, and genres for students who like to read but are not sure what to choose. We hope that the broad array of available choices will lead students to discover new genres, authors, and topics that suit their individual interests, and that these discoveries will lay the foundation for a lifelong love of reading.

Please review the instructions for students on the next page and contact us if you have any questions.

Thank you for partnering with us to make this program successful.

Have a wonderful summer!
